

MEMORANDUM

TO: Planning Commission

FROM: Beth St. Amand, Senior Planner

RE: Dec. 18, 2006, Meeting Materials – Comprehensive Plan

DATE: December 11, 2006

This packet contains the following materials for Monday's meeting:

1. Transportation
 - a. Introduction
 - b. Motor Vehicles and Street System (to be mailed separately)
 - c. Transit
 - d. Bicycles and Pedestrian
 - e. Movement of Goods
2. Public Facilities and Services – All remaining sections

You will receive Motor Vehicles and Street System under separate cover. We will follow the same approach for Hazards as at the Nov. 27 meeting and will provide the information through a PowerPoint presentation. At the meeting, we will also introduce the 2007 Comprehensive Plan project schedule for your comments.

These three topics (Hazards, Public Facilities and Services, and Transportation) represent the final sections for the 2006 State of the City report, which you will be forwarding to the City Council in 2007. We will transition into the next project phase with the new year.

Thank you for your hard work, late hours, and attention to detail, which have allowed us to reach this major project milestone. Please let me know if you have any comments or questions.
